150 Shirley Street  
Boston, MA 02119

To Whom It May Concern:

We are pleased to offer a letter of recommendation for Bilt-Rite Construction Company Inc. I have known Bilt-Rite since the early 1990's. They have completed over half a dozen projects where our firm has been the architect-of-record. We have found them to be an outstanding general contractor. They have always brought to the projects a spirit of cooperation and a sense of decency rarely matched by others. Bilt-Rite has been a key player from inception in helping shape projects to assure they are built within budgets. In the construction process itself, their work has always been of high quality, and they have always been willing to come forward to correct problems or deficiencies. They have been punctual in their delivery of projects, and diligent in pursuing the paperwork required for project closure. In summary, our experience with Bilt-Rite has always been positive we do not hesitate in recommending them for a project.

If you wish to contact me on any detail concerning this letter, I would be pleased to answer any other questions you might have.

Sincerely,  
DOMENECH HICKS & KROCKMALNIC, INC. ARCHITECTS
